Her first name used to be Nimrata, but she changed it to be more American. She gave a speech at the RNC that America is not a racist country. Yet she claims her family faced discrimination. Imagine coming to a country you didn’t build and claiming everyone didn’t immediately suck up to you! She got roundly criticized for her contradiction, even by “Asians for Biden” (which sounds like a tiny-dick group). It has been rumored that she may be the GOP darling to run in 2024. Boy, I hope she does. Make popcorn!

PS: If only America were racist, we wouldn’t have to listen to this bitch (who opposed Trump until it became popular).
